NO. 32.

Old Powell Boy Honored.

Frank B. Russell, manufacturer of beer staves, and a warm supporter of Judge E. C. O'Rear before and since the latter's nomination for Governor on the Republican ticket was named as chairman of the Republican City and County Campaign Committee at a meeting of the Republican City and County Committee held at the Galt House last night. Mr. Russell is a son of the late Charles W. Russell, who made the race for Congress from the Tenth district on the Republican ticket on several occasions. The son has an office in the Columbia building and lives at 205 Peterson avenue. Heretofore he has not figured prominently in Republican politics in this city.—Thursday's Courier-Journal.

To Pension Old Men.

Every Person in the United States, 60 years of age or older, who has been a citizen sixteen years, who has an income of less than \$6 a week and who has not been convicted of a felony, would be put on the pension roll of the United States if Congress pass a bill introduced today by Representative Berger, of Wisconsin, who constitutes the Socialist party in the House. The bill would give pensions of from \$1 to \$4 a week. Mr. Berger offered a joint resolution providing for the appointment of a commission to investigate the old age pension question.

"The old working men and women are entitled to a living outside of the poor-house and without the aid of private charity," said Mr. Berger in discussing his bill. "If the old parties and the Supreme Court do not realize that fact, they will be wiped out of existence, together with the old Constitution."

Protracted Meeting.

The protracted meeting at the Methodist church has been postponed until the first Sunday in September. The Rev. O. J. Candler, one of the ministers that was to assist is sick, and the Rev. M. T. Chandler that was to also assist has a sick child so he cannot come, and as Pastor Fryman has been engaged in protracted meetings already for two weeks he is pretty well worn out and finds it impossible to continue the services alone.

Stringent Liquor Laws.

The recently adopted liquor law in Alabama provides that forty-five per cent. of the voters must petition for local option before an election can be ordered to decide the question in any community. Where as many as forty-five per cent. of the qualified voters unite in calling for a local option election, the issue is pretty well settled before the election is held, so far as that community is concerned.

Mrs. Leunie Crow is dangerously ill at Hays, Ky. Mrs. W. F. Barnett, a sister to Mrs. Crow returned from her bedside Monday afternoon. Mrs. Ellen McKinney, Mrs. Crow's mother and Mr. and Mrs. Albert Crow, parents of Mr. Crow, all from this county are with Mrs. Crow.

Milton Hutson died Friday, August 4th at his home in this county near Log Lick, aged sixty-six years. Funeral services at his home and burial in the cemetery at Log Lick. He was a leading citizen in that end of the county and was held in high esteem by many friends.

Mrs. C. W. Duncan who has been confined to her room for quite awhile is able to go out into the shade and enjoy the best air.

DEMOCRATIC CONVENTION.

Be it Resolved by the State Central and Executive Committee of the Democratic party of the State of Kentucky, in joint session assembled in Louisville, Ky., on July 20, 1911, (a quorum of each of said committees being present in person) that a Democratic Delegate State Convention be held in the city of Louisville on Tuesday, the 15th day of August, 1911, for the purpose of adopting and promulgating a platform of principles, for guidance of Democratic officers and of the party in Kentucky and for the consideration thereof by the people in the approaching campaign, to be followed by November election of 1911, and at which election a State ticket and members of the next General Assembly are to be elected.

2d. Delegates shall be selected to said convention on the basis of one delegate for every 200 votes and every fraction of 200 over 100 votes cast by the Democratic party of Kentucky at the Presidential election of 1908, and which delegates shall be selected in mass convention held in each and every county in the State; provided that in cases of counties having two or more legislative districts separate conventions shall be held in each legislative district. Said mass conventions shall be held in each and every county and legislative district in the State as aforesaid beginning at two o'clock p. m., on Saturday, August 12, 1911, and said conventions shall be called to order and held in the manner provided by the party law.

3d. All known Democrats, all independent voters and all minors who will be legal voters by the November election, 1911, and all voters who declare a purpose to affiliate with the Democratic party in the next State election of 1911 are declared eligible to participate in said mass convention and to be elected delegates to said State convention.

4th. As the present party organization was selected only three years ago and has not yet served a full term of four years, and as a State convention will be held in 1912, the State convention to be held as aforesaid on August 15, 1911, is not called for the purpose of selecting committeemen or party organization.

5th. Said committees jointly assembled ratify the action of the State primary of July 1, in selecting nominees for State offices, as declared by the State Executive Committee, and with confidence appeal to all liberty loving voters of Kentucky to aid in the election of said magnificent State ticket nominated in said primary, and also aid in the termination of Republican misrule in Kentucky and in the election of Democratic members of the next General Assembly, so that Hon. Ollie James the Democratic nominee for United States Senator, shall be elected to represent the people of Kentucky and of the nation in the

great contest now being waged at Washington, D. C., between Democratic Senators as the representatives of the people and Republican Senators as representatives of the protected and privileged interests of the country. The term of said James to be elected as aforesaid shall begin on March 4, 1912.

6th. Said mass conventions shall be held at the court houses in various counties constituting one legislative district, or where two or more counties constitute a legislative district; and shall be held at places to be designated by the chairman of the legislative districts in all counties having more than one legislative district. Notice of the time and places of holding said mass conventions shall be given by publication for not less than ten days prior to the holding of same.

Call for Convention.

The Democrats of Powell county are hereby notified that a mass convention will be held at the Court house, in Stanton, Ky., on August 12th, 1911, at 2 o'clock p. m., for the purpose of selecting Delegates to attend and represent Powell county in the Democratic Delegate State Convention to be held in the city of Louisville, Kentucky, on Tuesday, August 15th, 1911, for the purpose of adopting and promulgating a platform of principles for the guidance of Democratic officers and the party in Kentucky and for the consideration thereof by the people in the approaching campaign, to be followed by the November election of 1911, and at which election a State ticket and members of the next General Assembly are to be elected.

Delegates shall be selected to

said convention on the basis of one delegate for every 200 votes and every fraction of 200 over 100 votes cast by the Democratic party in Powell county at the Presidential election of 1908.

All known Democrats, all independent voters and all minors who will be legal voters by the November election, 1911, and all voters who declare a purpose to affiliate with the Democratic party in the next State election of 1911, are declared eligible to participate in said mass convention and eligible to be elected delegates to said State convention.

Given under my hand, this August 1st, 1911.

J. H. O'Rear,

Ch'm Democratic Com. Powell Co.

Attest: Luther Loving,

Secretary.

Money Returned.

The commission in charge of the \$100,000 fund appropriated to run down the murderers of William Goebel Monday turned back into the State Treasury \$1,003.65, being the remainder of \$20,000 which was drawn by the commission, showing that the expenditure was \$18,996.35. There remains in the treasury \$81,003.65 and the commission has asked for its discharge.

Administrator's Notice.

All persons having accounts against the estate of America Curry, deceased, are hereby notified to present same to the undersigned proven as required by law. Those knowing themselves indebted to the estate will save court costs by paying promptly.

WASHINGTON NOTES.

The reciprocity bill, the passage of which, was the sole purpose of President Taft in calling Congress together in extra session has been disposed of and will become a law as soon as the Canadian Parliament approves the same. Only a small portion of the reciprocity agreement is in operation as yet and that portion which is now operative relates to wood pulp which Canada produces. This however, will be a great benefit to the newspapers as it will give them relief from the white paper trust which has had the price right up to the top notch. Canada has now entered upon a campaign for the election of a new Parliament which is to pass upon the reciprocity measure. It is thought that Sir Wilfrid Laurier the Prime Minister of Canada, will hold more than a majority in the new Parliament which will be chosen in September and that the reciprocity treaty will be promptly approved.

President Taft has publicly thanked the Democrats in the House and Senate for their hearty support of the reciprocity bill without whom the bill would never have passed through Congress.

It is a very unusual honor for Democrats to receive thanks

from a Republican executive and it simply shows that in measures intended for the relief of the American people that we must look to the Democrats in Congress for aid and not to the Republicans.

The reciprocity measure however, is only one step in the right direction for it lets in live stock from Canada, but it does not let in Canada's dressed meat, thereby protecting the great beef trusts. It lets in Canadian grain but it does not let in Canadian flour, thereby protecting the great mill trusts, and there are several other features of discrimination contained in the bill, which was framed by President Taft, and never amended in Congress.

President Taft has endeavored to clear himself of the accusation of having helped the Guggenheim-Morgan crowd to get possession of Controller Bay up in Alaska. Controller Bay as is well known is the key to the great coal fields of Alaska and by having control of that harbor the Morgan-Guggenheim crowd will be able to control the coal fields which are worth many millions of dollars. Mr. Pinchot has replied to President Taft's explanation and he has shown that the agents of Morgan-Guggenheim crowd were present at Controller Bay when President Taft opened those lands to public entry. The rule is that 30 days notice should be given to the public before any public lands should be open to settlers, and by permitting the Morgan-Guggenheim crowd to get secret information their agents were enabled to be on the lands when they were opened practically making them a present of that valuable site. This is a most damaging charge against President Taft as he has shown a willingness to give a rich syndicate control of the Alaskan coal fields worth probably \$200,000,000.

The man who consumes all of his income in providing himself and family with all the necessities and comforts of life, is a good friend to himself and family, while the man who provides a limited yet a sufficient amount of the same blessings and saves a part of his income and places it in legitimate channels and avenues of trade and industries is a friend to himself and family, a friend to society and a public benefactor besides. Begin laying up a little each day by saving the money you now spend for that which you can do just as well without, and especially saving the money you now spend for what you can far better do without.

President Taft has engineered the reciprocity bill through Congress which brings Canadian produce into competition with the American farmer, but let's in nothing free that competes with trust controlled articles. The Democrats and Insurgent Republicans will pass a bill placing farming machinery, wool goods and other articles on the free list, which will greatly benefit the farmer and consuming public. It is reported that Taft will veto the bill. If he does the farmers will fix his business in 1912.

Some of the Democratic papers are wearing themselves out trying to prevent the county unit plank in the Democratic plat-

form to be made in Louisville this month. They had better be reconciling themselves to the result which we believe is sure to come with the county unit plank inserted.

If your wife has the habit of searching your pockets, get a small rubber snake and put in them. Whats the matter with a rubber mouse?

The question is not "Who fathered the trusts?" it is "Who feeds them?"

A lot of Senators are merely politicians in statesmans clothing.

This time of year a woman's money runs much to waist.

Perpetual Motion Machine.

Investigation by a large manufacturing company is being made of what is claimed to be a perpetual motion machine perfected by Noel Hodges, of Frankfort. Mr. Hodges claims that the small model which he has at his home in Holmes street has been running for eight months, without any means of propulsion outside of the power the machine itself generates. He claims that the machine will produce power enough to run an electric fan or small dynamo and he says he has refused an offer of \$50,000 for his invention.

He says the machine has been examined by experts and they have agreed with him that he has solved the difficult problem of making a machine that will run until it wears out without

the use of springs, compressed air or other motive power.

The invention is a wheel with steel balls at the end of the rods on one side of the wheel, the weight of these being enough Mr. Hodges says, to drive the wheel on a round.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance into a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. The snit is based upon alleged fraudulent reports which the L. & N. is charged with having made to the Auditor. The road is charged with falsifying its net earnings to the amount of several millions of dollars and falsifying its mileage in and out of Kentucky. Success when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE. It is the best medicine ever sold over a druggist's counter.

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its

weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may trap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given away.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Different Proposition.

Running a country newspaper these days is quite a different matter from running a store, an office, or any other business. The paper has to come out every week in the year no matter whether there is any news, advertising or job work; and its up to the editor to get it out, on each occasion, with the maximum amount of matter. The merchant, real estate man, lawyer or other business man can shut up shop, go fishing or lie himself to some cool, sequestered spot for a few weeks until the hot weather is over if he wants to; but the editor must stay at home and grind away. No matter if there hasn't been a news item on the street in three days, he's got to make news, or he can't find it otherwise.

PUBLIC SALE.

By order of the Board of Trustees of Stanton High School the undersigned will on the 1st Monday in Sept. 1911, at the Court House door in Stanton, Ky., at 1 o'clock, sell to the highest bidder on a credit of six and twelve months, the Stanton High School lot together with the buildings thereon, containing about 1 acre, lying east of the jail lot and north of the Court House.

The purchaser will be required to execute bond with approved security bearing interest from date. The board reserves the right to accept or reject any or all bids. This is a desirable piece of property and well located. Luther Stephens, Chairman.

J. D. Atkinson, Secretary.

School Per Capita.

While the State makes this year an appropriation of \$1.40 per capita for all school children in the State. There is a law of equalization working in the various counties so as to keep up the salaries for teachers of small districts which brings the per capita below \$4.40 in some counties, and above \$4.40 in other counties. It runs under this law from \$4.22 in Robertson county to \$1.63 in Bullitt county. In Powell the per capita is \$4.39.

Room in Southern Lands.

The fact that farming lands in the Southern States can be brought for about one-third the price that is paid in other states is bringing a great many investors to the south, from both northern states and also from England. A British Company has recently purchased 32 thousand acres of cotton land in the State of Mississippi, and a Dutch Company has purchased 9 thousand acres in the same state. A California Company is financing a big deal in the State of North Carolina. A Chicago Company is financing a deal for thirty thousand acres in Georgia, and a New York concern is about to make a big deal in the state of Louisiana. Valuable lands in the south will from now on find ready purchasers and steady development.

Don't we need more back bone for the interests of humanity? Not a spinal column that cannot yield or bend; but upright, and that will fearlessly express upright and just opinions—a gentle, honest, steadfastness, which is cruel never.

Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui.

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

TAKE The CARDUI Woman's Tonic

If you are one of those ailing women who suffer from any of the troubles so common to women.

Cardui is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today.

Not Simply a Car—but Car Service

Now is the time of year when you're beginning to think of the car you intend buying. Remember, when you buy, that the absolute limit of dollar for dollar return is reached in cars selling under \$2,500. When you pay more, your return are not in proportion to your investment. When you buy, buy not simply a car—but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value. In the MARATHON you get all this. But don't accept our mere statement. For we can convince you of its truth. We have a catalogue which describes, in detail, the wealth of mechanical excellence, finish and dependable utility that characterize the MARATHON. And it's yours for the asking. Won't you ask for it?

MARATHON models include Torpedo Touring Car, Fore Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,500 to \$2,700.

CYRUS L. ADLER
The Piano and Organ Maker

The Nightingale of Organs

MIDDLEMEN WIPED AWAY

I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organ men in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or millage. The profits that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another proof: I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 15 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public. In that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask some of your neighbors who dealt with me about this. That's the best proof you can get. I would just as soon give you \$1,000 in gold if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won the highest present the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, and clean reputation. I am selling them for less than dealers and agents are selling cheaper grade organs. As I when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salaries, store rents and other expenses, my offer means a whole lot of dollars before you as the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and equal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunderbolt from a clear sky. In round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

NOW MY PROPOSITION TO YOU

is simply this, I will ship you, on 30 days (free trial), any organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest on other organ men are doing. If you don't keep my organ because it's not so represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time within a year, my organ does not hold up to every claim I made, you can ship it back as my expense and I'll return to you every dollar of the purchase price with 6 per cent. interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ man will do. My guarantee bond is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter into any transaction with me and that all of my dealings are on the square. Send your name for catalog and buying plans. You will be under no obligation whatever. Steel and instruction book given with every organ.
